A Scientific Discovery. Kodol does for the stomach that which it is unable to do for itself, even when but slightly deranged or over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. J. Jas. Wood & Son.

The Fromont Coal Company of West Virginia has increased the pay of its miners 10 per cent. The order goes into effect at once, and affects 10,000 men. The increase means an annual addition to the pay roll of \$300,000.

Inability of the Engineer on East Mail No. 19, on the Pennsylvania, to see a signal in the blinding snow storm prevailing, caused the train to dash into the rear of a local accommodation train, No. 35, at Ada, O. Three persons were killed in the crash and 14 were injured.

In New York, another advance in the price of coal by the rail must be paid by the poor. The price is now 18 cents a ton—almost prohibitive—and an advance to 25 cents may be made. The cold snap brought much suffering to the poor, many of whom were unable to purchase even a pound of anthracite at present prices.

The statement was made in Wall street, New York, that H. O. Havemeyer would retire as President of the Sugar Trust after the annual meeting next Wednesday and that the Trust would be formally turned over to the Standard Oil interests. Standard Oil interests have always been very strong in the Sugar Trust, and have dictated much of its policy.

It was learned yesterday that in Washington Herr Von Holleben, the German Ambassador, failed to pay his respects either to the State Department or to President Roosevelt. As he is known to have engaged passage for Germany this fact substantiates the report that he has been definitely recalled by his Government. It is stated also that Baron Von Sternberg would come on a special mission, which, although not divulged, is supposed to be as commissioner on behalf of Germany in the arrangement with Minister Bowen, representing Venezuela, for the settlement of the international claims against that country.

From the best American makers—and America makes the best blankets—we've gathered such blanket goodness as will appeal to every housewife. On a few lines prices are the same as those quoted in September when we broke the record in blanket value giving, but some lines are even cheaper now and you may be certain the standard of excellence has not been lowered. You can buy an excellent cotton blanket for \$1 and then by easy stages you reach the luxurious elegance of our \$7.50 blanket. A word of our banner blanket—a Mission Mill \$7 blanket for \$5. A finer value the entire American market doesn't offer.

Unconscious From Croup.
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Hafford, Postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Chills, La Grippe and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and each's throats to contribute pure, health-giving oxygen to the blood. J. Jan. Wood & Son

IMPORTANT DISCOVERY

Catarrh of the Stomach Is Not a Disease.

But a Condition Resulting from INDIGESTION.

Recent experiments, by practical tests and examination with the aid of the X-ray, established it as a fact that Catarrh of the Stomach is not a disease in itself, but that it is a condition resulting from repeated attacks of indigestion.

The stomach and alimentary canal, or digestive tract, is lined or coated with a mucous membrane. Studding the surface of this mucous membrane are the gastric glands. Here, also, are the terminal branches of the pneumogastric nerves, and many branches from the sympathetic system. When the stomach is overloaded, or when food is taken into it that fails to digest, it decays—rots, and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. The condition was never known to exist except when preceded by indigestion. In other words, we cannot have what is commonly called Catarrh of the Stomach until we have had indigestion. Hence the manifest need of a perfect cure for indigestion.

KODOL cures indigestion and prevents and cures Catarrh of the Stomach. To those persons who have allowed their indigestion to run into chronic Dyspepsia and then into that condition known as Catarrh of the Stomach, we say take KODOL at once. Kodol supplies the gastric glands with a healthy quantity of the digestive juices, thus relieving the stomach of all nervous strain, by digesting the food, while that organ takes a rest—recuperates.

In all cases of a weak stomach, indigestion, nervousness, palpitation of the heart, insomnia, general debility, chronic dyspepsia and all wasting diseases, no remedy will so surely and so quickly restore one to the full vigor of health and strength.

The eminent Dr. Hayes, of Washington, D. C., says: "After three years' almost constant use of Kodol, in hundreds of cases referable to faulty digestion and assimilation, I can truthfully say it is the most efficient combination for dyspepsia, indigestion, flatulence, nausea and all gastric disorders that it has been my good fortune to discover. In a number of chronic cases, after exhausting the materia medica for even palliative measures, with negative results, I have prescribed Kodol with marked and increasing benefit, from the first dose until the stomach's disability has been permanently removed. My experience in a general and hospital practice dates from 1872 and I am positive that of all the digestants prescribed in those thirty years, none in my hands has proven so thoroughly effective. Physicians will serve their patients' best interest to put them on Kodol for indigestion and all of its distressing symptoms."

Under the action of Kodol Dyspepsia Cure all wholesome food that may be eaten is digested, assimilated and transformed into blood, brain and brawn. Nature is willing that perfect digestion should be maintained, and a grateful stomach sweetly responds with growing appetite to the strengthening effect of Kodol upon the digestive organs.

A SUCCESSFUL MELODRAMA.

Melodrama will hold the boards at the Washington Opera-house when the well-known romantic actor, Wilfrid Granger, will appear as "Gypsy Jack." This famous English production will be given with a splendid cast of players and a wealth of handsome scenery. It is a very strong play, based on the struggles of a young gypsy to obtain recognition as the son and heir of a wealthy nobleman from whom he has been stolen in childhood. It is a cleverly woven story, and holds the interest of the audience from the beginning to the end. An excellent cast supports Mr. Granger. The date is Saturday, matinee and night, January 17th.

LESSON IN AMERICAN HISTORY IN PUZZLE

THE CONTINENTAL ARMY INVADING CANADA. Find Col. Ethan Allen.

The invasion of Canada by the Continental Army was begun in the fall of 1775 under the command of Gen. Richard Montgomery operating from Fort Ticonderoga. Fort St. John was forced to surrender on November 2 to the Americans and during the time of the siege of this place Col. Ethan Allen had pushed forward for the capture of Montreal, but was himself captured and sent to England. Montreal was captured, however, by the Americans on November 13 by Gen. Montgomery, and the advance on Quebec was then begun. That place withstood the attacks of the Colonials, and after a winter of excessive hardships the Americans were forced to abandon the campaign and return south, sacrificing in this way all that had been gained by the capture of St. John and Montreal, and losing the expected assistance of Canada in the struggle for independence.

Health is a magnet which irresistibly draws the man to the woman in life's mating time. Health does more than tint the skin with beauty; it puts music into the voice and buoyancy into the step, as well as happiness into the heart. A great many women covet beauty and are constantly seeking aids to beautify them. Let a woman first seek perfect health and all other charms shall be added to her.

There can be no general health for women while there is disease of the delicate womanly organism. The first step to perfect health is to cure womanly diseases by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Every one who knows me is surprised to see me look so well. In June I was so poor in health that at times I could not walk. To-day I am cured. I tell everybody that Dr. Pierce's medicines cured me."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

City Engineer Washington of Paducah has been engaged by Captain Chase of the Harry Brown to go to the scene of the sinking of the Brown's tow eighteen miles above Paducah, and make surveys of the marks, etc. His report will be part of the claim filed by the owners of the Harry Brown against the Government for damages.

Captain Henry Eldridge, who has been on the steamer McDougall, running in the oil business between the river at the mouth of the Mississippi to the plantations above New Orleans, returned to St. Louis, the boat having laid up at New Orleans in consequence of barge it being sunk in a storm on the Gulf of Mexico a few days ago. The barge went down in thirty fathoms of water. Her crew was saved but 15,000 barrels of oil were lost. The entire outfit, including the boat and two barges, was built in St. Louis.

In early days the names of rooms on steamboats were taken after the states of the Union and if there were more rooms than states numbers were added, until the names were abolished and numbers substituted altogether. There were several boats that had the same number of rooms as there were states, and after the Mexican War Texas was added to the Union. The upper, or officers' cabin, upon the roof, was being introduced on boats, and there being no room in the cabin for "Texas," it was decided to call the entire cabin on the roof "Texas," and it has gone by that name ever since, while the names of the states were removed from the doors in the cabins years ago.

THE TOBACCO FAIR.

What Are You Doing to Make the Fourth a Success?

On February 21st, 1903, the fourth annual Corn and Tobacco Fair will be held in Maysville.

Every farmer in Mason county who grows tobacco, corn, wheat or potatoes should make an exhibit.

We expect a large exhibit from the state of Ohio and an especially large exhibit from the counties of Central Kentucky.

We have the assurance of samples of tobacco grown under canvas at the State College. This will not enter into competition with tobacco grown in the ordinary way.

An interesting program of music and addresses will be arranged for the entertainment of visitors.

A large delegation from Louisville and Cincinnati will be present and add interest to the occasion.

Let everybody get ready for the fourth annual Tobacco Fair.

THE BOARD OF TRADE.

Mrs. Fred Vnrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Mrs. Fred Vnrath.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

hers, as are their ambitions, triumphs and defeats. Triumphant women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

We Tell the Truth

ABOUT OUR GOODS!

And our goods are good enough to tell the truth about. The H. S. & M. Clothing is simply a revelation in ready-to-wear garments for men. Nothing approaching their equal in

FIT, STYLE and WORKMANSHIP

Has ever been produced, and the cost is no more for these fine tailored Suits and Overcoats than you pay elsewhere for the ordinary ready-made stuff. If you have never seen this finest production of the tailor's art we invite your inspection. Come in, try them on if you like, and you will say we have indeed told the truth.

In our Men's Furnishing Department we have all that's new, and useful gifts for the Holidays. See our corner window display.
